This apartment is located in one of the most idyllic spots of the island. The design of the whole complex has been based on three basic elements: views, light and excellence. Upon entering the property, there is a spacious open plan living room, dining room and kitchen where from all directions, magnificent views of the deep blue Aegean can be enjoyed and be extended by the veranda. A total of three bedrooms (one of which includes a walk-in wardrobe) and a bathroom all have access to a balcony. Each apartment has central and under floor heating, an entrance phone with video entrance, security door and an individual parking space. Additionally, the fact that the property is under construction offers a major advantage as the future owner can choose many elements of the property including bathroom fittings, tiles, interior doors, kitchen cupboards and bedroom wardrobes to create a unique apartment with personal touches. Under Construction.
